

"Pier K8 is a loyal member of The Wild Bunch corporation he has prooven himself as a valuable member of us. He was awarded with the Wild Bunch Medal of Honor for his personal efforts for the corporation."
Karagh 111-11-09

Pier K8 was born in YC77, in a little storage station owned by Amarrs in Kor-Azor Region, Orus Constellation, *Daran* Solar System.
His dear mother was a kidnapped Sebiestor Doctor (Pediatric).
His "neverknown" father was a respectable experienced miner: Adalor Naslundaar was killed in an Amarr raid in Heimatar region, Hed Constellation, *Auga* Solar System two months before Pier's Birth!

K8 it was the fire print that Pier's mother have stamped on her left arm!

After 2 years of his life in slavery Ongidi, Pier's mother, manages to escape with the precious help of a Gallente Federation Navy High Captain, Stans Aulbie.

A long travel to came back into the Republic. *Hulm VIII - Moon 2 - Republic University School*. new home. A new life.

Joining the Republic University in YC106, Pier spent the next four years training to be a scientist and a POD pilot.
Graduating in YC110, when he was 33, with the "maximum vote cum laude" in Applied Science!

After a couple of months, thanks to his dear friends Sarbeko Ordor (Public Relation Agent employed in Helgatild for Boundless Creation Factory) and Widolden Akfi (Internal Security

Agent employed in Hek VIII for Boundless Creation Factory) he started his researcher career for the great Boundless Creation

At the age of 34 he is currently a proud Pilot for The Wild Bunch Corporation, ..and a member of the Electus Matari Alliance.

My girl is a beautiful Vherokior girl, she are doing a masters degree in Advanced Starbase Architecture at University of Caille School in Eletta (...)
